EOS-Hώς

Where the Day Begins

The Bill Cost SS26 collection unfolds under the name EOS a tribute to the quiet grace of the Greek summer. Named after Hώς, the ancient Greek goddess of the dawn, the collection captures the feeling of air in motion, sun-washed simplicity, and sculpted softness. This is lightness redefined - soft, effortless, and deeply rooted in stillness. EOS invites you to breathe, move, and be seen in silence.

La collection SS26 de Bill Cost se dévoile sous le nom EOS, un hommage à la grâce discrète de l'été grec. Inspirée de Hώς, la déesse grecque de l'aurore, la collection capture le mouvement de l'air, la simplicité solaire et la douceur sculptée. C'est une nouvelle définition de la légèreté, douce, naturelle, silencieuse..

EOS vous invite à respirer, bouger, exister dans le silence...

Echoes of Earth

Prints that whisper

This chapter brings together organic tones, timeless prints, and breezy fabrics- for a quiet style that's anything but ordinary. Subtle stripes, delicate embroidery, and hints of bohemia: each look tells a grounded summer story of elegance and ease. Prints that whisper, not shout.

Échos de la Terre

Des motifs qui murmurent

Ce chapitre mêle des teintes organiques, des imprimés intemporels et des étoffes légères, pour une allure apaisée, jamais ordinaire. Rayures subtiles, broderies discrètes, esprit bohème en filigrane: chaque silhouette raconte une histoire d'été enracinée dans l'élégance et la simplicité. Des motifs qui murmurent, plutôt qu'ils ne crient.

Ethereal Horizon

Where light touches form

A chapter shaped by softness, space, and clarity. Here, sun-washed textures and flowing cuts echo the stillness of early summer.

The palette is neutral, the energy open - a quiet balance between structure and breath. This is the ethereal edge of EOS: expanding, luminous, and effortlessly serene.

Horizon éthéré

Là où la lumière touche la forme

Un chapitre façonné par la douceur, l'espace et la clarté. Ici, les textures baignées de soleil et les coupes fluides évoquent la quiétude des débuts d'été.

La palette est neutre, l'énergie ouverte, un équilibre discret entre structure et respiration. Voici la frontière éthérée de EOS : vaste, lumineuse, sereine sans effort.

Geometric Soul

The language of clarity

Refined patterns and woven stripes come to life on silhouettes that are both fluid and defined. This chapter lives in the first light - where clarity meets softness, and presence feels effortless. It carries the imprint of Hós (Eos), in lines that echo her radiant rise. A wardrobe shaped by light, grounded in grace.

Âme géométrique

Le langage de la clarté

Motifs raffinés et rayures tissées s'animent sur des silhouettes à la fois souples et dessinées. Ce chapitre habite la première lumière, là où la clarté rencontre la douceur, et où la présence devient instinctive. Il porte l'empreinte de Hós « Eos », dans des lignes qui évoquent son ascension lumineuse. Une garde-robe façonnée par la lumière, enracinée dans la grâce.
